James Bailey, of Arrow Rock, who is vouched for by the Slater Rustler as being truthful, says he killed a large black snake in his yard January last.

W. B. Miller, born in 1827, a native of Kentucky, but who had been a resident of Saline county since 1835, died at the home of his son near Mt. Moriah church Feb. 2.

Richardson, the druggist, will refund you your money if you are not satisfied after using Chamberlain's Stomach and Liver Tablets. They cure disorders of the stomach, biliousness, constipation and headache. Price 25 cents. Sample free.

The Press-Spectator says that one of Salisbury's drug clerks tells of a young woman who came into the store to get a bath sponge. When she faced the clerk she got rattled and called for a sponge bath. The clerk fainted.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by Richardson Drug Co.

According to the Sumner Star a telephone has been placed in the anteroom of Fraternity hall in that village, and it will now be possible for wives to find out if their husbands are really at lodge or whiling away the hours drawing to pairs or other innocent amusements.

The Sumner Star claims to have heard it reported that Newton Long will build a large barn with all the modern improvements in the fine grove he owns just on the south edge of Sumner for the purpose of keeping his fine herd of Herefords, so that they will be easily accessible to those contemplating purchases in that line. The Star is of the opinion that there is not a spot in Missouri better fitted for a sale stable for fine cattle than the one referred to.

The Star cites the following as an example of the honesty of the Sumner people: Moses Jones keeps a lot of shelled corn and baled hay where it can be plainly seen through the glass front of his building on South Elm street by all who chance to pass by, and the building has never been burglarized. The Star observes further that Mr. Jones' baled hay and corn make a tempting sight to a man who has fitted his team with green goggles so that they will eat shavings from the handle factory under the delusion that they are feeding on hay.

One day last week, while sad and dreary, weak and weary, across the unswept floor, we heard at first a gentle tapping, then it became an earnest rapping, rapping at our sanctum door. "Come in!" we said, while we pondered and in silence wondered what could for us be in store; then the doorbolt softly turning, in he walked; our cheek was burning, though of crimson gore! "Are you the man who does the writing?" (quickly thought we o're) "Sir we are," we gently told him, nodding to the boys to hold him if he tried to beat us sore. "Then you will please give credit opposite that little debt for a dollar and a quarter more; I like your paper and will take it as long as you strive to make it as good as it has been before." We jumped, he dodged, thus missed him.

or we surely would have kissed him, even if the boys did roar; so seldom treated in this manner we felt inclined to shout hoozaner—only this and nothing more.

The Shelby Democrat tells of a "spelling-match" had in that city in which the Methodist and Christian churches were the contestants. The prize was a tin medal on which was inscribed "Medul for spellur," which was awarded to the Methodists, who had five spellers on the floor when the last of their opponents "went down." Immediately after the award the victorious party was challenged by the Baptist church to do battle for this same medal at a date to be fixed soon. About the spelling-match the Democrat had this to say: "One thing, at least, the writer learned at this spelling-match, and that was that the man or woman who had attended or taught the district school in the days of the good old blue back spelling book was a foe to be reckoned with in a spelling-match. The youth who has attended only town schools cannot compete with the man who has attended the country school where there is a daily drill in spelling, with a choosing up spelling-match on Friday afternoon." A good thing for our "town schools" to do, we verily believe, would be to reform their plan, and not rush ahead too rapidly into the higher branches until the elementary branches shall have been mastered. It is a good thing to know and understand the solution of the famous 17th proposition of Euclid but this ought not to be learned at the expense of the mother tongue. It matters not how far one may have advanced in mathematics, if, at the same time, he is unable to construct sentences properly and spell words correctly, his education is far from being symmetrical.

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

See Scott's Emulsion, New York.

THE TOUCH DOES IT

Benson's Plasters are like your other friends—they hate to see you in pain or in weakness and are dog-tired hearing you complain about it. They want to cure you and send you along to your business—whole and happy. They can do it and will do it. Try them on. What for? Why for any cough or cold you may be troubled with, or any bothering pain or ache, or worry with kidneys or liver. Possibly some old clutch of muscular rheumatism renders an arm or a leg worth only half price just now. For anything that makes the machine work slow and stiff, with pain maybe in the motion of it, clasp Benson's Plaster squarely on the bad spot. They are the get-out-of-morrows plasters—not the sort that go to sleep on your skin like a cat on a cushion. There is comfort and speedy relief in the touch of them. No other external remedy, no matter how made or how called, is worthy to live in the same street with Benson's Plasters. Pains and ailments melt away under them as a sheet of ice does under the Spring sun. You cannot foretell the weather but you can always foretell the effect of Benson's Plasters; it is as sure as the effect of a hot breakfast in a hungry man's stomach. But look out for substitutes. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

He Who—Would Thrive Must Either Hold or Drive.

That would do in the olden times but now he must both hold and drive. Men everywhere are driving and climbing for dear life (or gold). It is this being everlastingly at it that shortens men's lives. Every nerve is put on the stretch and sooner or later the system begins to give out. The stomach is of the greatest possible importance in sustaining life and vigor, and is liable to be the first to give out. The work performed by the bowels is no less important. The overstrain caused by rush and worry of life soon results in indigestion, dyspepsia, constipation, liver and kidney troubles. Headache, nervousness, and every conceivable trouble soon follows unless the right thing is done. The old physicians searched for the elixir of life but failed to find it. We have found it. Congressman Emerson and Congressman Connell as well as Ex-Treasurer of United States, Wyman, Senator Brackett, Judge Houghton, Mayor, Knapp, Attorney-General Smyth, not only speak in the highest terms of our Company but of our great remedy, Dr. Kay's Renovator, and thousands of the most eminent people who know by experience, endorse Dr. Kay's Renovator, as the greatest known remedy. If you are beginning to give out or if you are down where other remedies have failed to help you, don't wait but go at once to your druggist and get Dr. Kay's Renovator. It strikes to the very root of the whole trouble, beginning with the stomach, bowels, liver and kidneys and renovates and invigorates the whole system, giving new life, health and vigor to the whole body. It is not only very efficient but perfectly safe for all ages and conditions. Ask for our pamphlet giving reports of the most marvelous cures known to the medical profession, or send to us for a copy. Free advice, sample and book for the asking. Prices 25c, 50c and \$1. Dr. B. SILVER DIME OIL COMPANY

GALVESTON, TEXAS

owning property on the famous oil field, SPINDLE TOP HEIGHTS AT BEAUMONT

continues to offer its stock for sale at the par value of 10 cts. a share. The company is rapidly improving its holdings and more developments are to be made; for this purpose stock is still being sold, no advance in price having been made, but when sufficient funds have been raised the stock will be withdrawn from the market and sales discontinued.

Our first gusher, being one of the finest in the field, produces 100,000 barrels of oil per day. The second is expected within the next few days.

A contract has been made for the sale of one million (1,000,000) bbls. of oil, and this enables the company to begin paying dividends—the first to be paid Feb. 1, 1902. Stockholders buying now reap the benefits of this dividend.

Those intending to buy stock are reminded to do so at once so as to be in time for the first dividend and not to be too late to get in.

We refer to the following who have investigated our holdings and approve them:

Messrs. Alf. F. Rector, county attorney of Saline county; J. E. McAmis, county treasurer of Saline county; Ernest D. Martin, state senator, all of Marshall, Mo.; E. W. Parker, real estate and loans, Pleasant Hill, Mo.; M. V. Wright, director Farmers' Bank, Norborne, Mo.; E. W. Patton, druggist, Richmond, Mo.; E. T. Steele, real estate and loans, Nevada, Mo.

All the above gentlemen fully endorse the proposition and express surprise at the extent of our holdings.

We make you the following proposition:

OUR RED LETTER OFFER

Any town, community or locality buying Five Hundred Dollars' Worth of Silver Dime Oil Company Stock may select one of their number to visit Galveston and Beaumont to personally inspect the oil fields, the Silver Dime Oil Company and its property, and upon the company being notified that such person has been selected, we will forward to him free transportation to Galveston and Beaumont and return, and if, upon thorough investigation, the representations made by us are not true, we will, in addition to such free transportation, return to him and his associates all money paid for stock by them.
